Summary

Detail-oriented web developer with an associate degree in computer science, practical project experience, and completed an internship at MindHome Inc. Experienced in creating e-commerce projects from scratch, implementing AI functionalities, and particularly skilled in Shopify, having created numerous product pages during the internship. Strong in HTML, CSS, and JavaScript. Well-versed in front-end technologies and equipped with skills in Python, Java, C++, basic PHP, and Canva. I am eager to leverage technical skills and experience to contribute effectively to a dynamic development team.
